Englebright Raps S. F. Forestry Head, And State Chamber

Congressman Harry E. Englebright is deeply stirred by the action recently taken by the State Chamber of Commerce which announced its intention of seeking national legislation to end the so-called "mining claim racket" within the National Forests.

Congressman Englebright declares that this resolution adopted by the state chamber is based on the misrepresentations of L. A. Barrett head of the San Francisco Forest Reserve headquarters.

"The proposed measure," declares Englebright, "would place all mining claims within the National Forest under the dictatorship jurisdiction of some government official whoe interest would be in opposition to the mining interests of California.

"It would practically mean the elmination of all mining claims within the National Forest Reserve. The State Chamber of Commerce finds some of its strongest support in the mining counties of California. I am surprised that this body would pass resolutions deterimental, or take any action inimical, to the mining interests of this state. I am convinced that they would not have done this had it not been for the misreprehension of Mr. Barrett of the Forest Service. I would like to remind Mr. Barrett that he is paid to carry on government work in the National Forest and not to devote his time to writing articles and spreading propoganda detrimental to the mining industry.

"At this time when every effort is being made by the Administration to increase mining activities for the production of gold, this resolution inspired by Mr. Barrett is a most unfriendly gesture on the part of the State Chamber of Commerce, and one will be resented in all mining sections of the state.

"At this next session, "Englebright continued, "it will be my purpose to obtain every possible privilege and help for the goid miner, and I will bitterly oppose any measure which would restrict activities or make it difficult for our people to carry on mining operations."

Congressman Englebright reports that during his recent trip throughout the mining regions of the Mother Lode, he found all mining leaders in a state of hot resentment against the statements of Mr. Barrett and the action taken by the State Chamber of Commerce.

NEW GRAND JURY NOW IN SESSION

The New Grand Jury was drawn and it began its sessions Wednesday. The jury selected Harold W. Robinson of Grass Valley as foreman and John J. Looser as secretary.

Members of the Grand Jury are: Frank R. French, Edgar Shaw, L. E. Wales. C. R. Clinch, William J. Jaeckle, John J. Looser, John Gray, H. W. Robinson, George H. Calanan, Edward Jones, Ethel O. Parsons, A. Hartung, Clarence Green, Virginia O'Neill, Minerva Wright, W. M. Englehart, Henry Goudge, and Thomas Cary.

Judge Raglan Tuttle addressed the following remarks to the Grand Jury "I believe it is not out of place to give you a brief summary of the financial condition of Nevada County. Since the last grand jury was impanelled this state has adopted laws which will be of great benefit to our taxpayers. One of these relieved the County of all taxes for the support of the schools. The other restored to local taxation all utility property within the county.

Beginning January 1, 1935, all utility property within the county will be subject to local taxation. This will add some $2,500,000 to our County rolls, and should result in a further reduction of 25 per cent in taxes.

The same applies t othe city rolls. For instance in Grass Valley the entire gas plant will be subject to local taxation, both municipal and school. In addition, all other physical properties of the P. G. & E. will be added to the rolls. This includes wires; poles, meters and the entire distribution system. Recently this utility reported that it had spent some $60,000 in improving the local gas plant. All such improvements will be assessed just as the improvements made by the individual are assessed. This should add over $100,000 to the rolls of Grass Valley and its school district.

The same applies to Nevada City, though to a lesser extent, as utility property here is not as extensive as in Grass Valley.

Both cities will also assess the plant and property of the Telephone Company, and Western Union Company.

Financially, our county is absolutely sound. The county does not owe one cent of indebtedness. Refunding operations have placed our irrigation district on a sound financial basis. We have never been compelled to "register" warrants drawn on our general fund, as many other counties have. Our taxes have dropped this year over 40 per cent, and next year they should receive a further substantial reduction. Our supervisors should be commended for the splendid record they have made."

STAGE DRIVERS TO HAVE XMAS HOLIDAY

Postmaster P. Scadden yesterday announced that arrangements had been made to give the mail route stage drivers a holiday on Christmas day. They will, however, carry all mails Sunday, ordinarily a holiday, and by that means all Christmas mail will have reached its destination by Christmas day. The arrangement applies to the drivers of the Downieville, Alleghany, Bloomfield and Washington stages.

THIS LITTLE GIRL HAS A GENEROUS HEART

The school children were filing past the great community Christmas tree sponsored by the Woman's Civic club on the Court House lawn Wednesday afternoon. As they passed they left on the heap some article of food to be given to those of the city or environs whose Christmas feast might have otherwise been scanty, One little girl who had no special package or can of food, quietly left there her school lunch in a neat paper parcel. In it were a cookie, an apple and two sandwiches.

CHILDREN SING CAROLS, PRESENT GIFTS TO NEEDY

Wednesday afternoon at about 3 o'clock a Christmas program was held at the County Court house. Both grammar and high school students led by the Hi School band, turned out en masse, those from the high school marching double file direct from the assembly hall of the high school down Pine Street and up to the lawn in front of the Court house There the Hi-School band played several selections and the grammar school children sang Christmas Carols.

A large number of presents was on exhibition, students having each brought their contributions to be given to charity. These gifts will be used as Christmas presents for the Nevada City needy.

After a final selection from the band the students and spectators dispersed to their respective homes.

Stuart Leete, newspaper editor of Arbuckle, and Gurdon Leete, junior in Stanford University, will spend their Christmas holiday with their parents, Mr. and Mrs. Harley M. Leete of this city

Mr. and Mrs. Lee Day will have as Christmas guests her mother, Mrs. Mary Salmon of Manteca, and their daughter and family, Mr. and Mrs. Joe Swazey and two grandchildren, of French Corral.

CHILDREN BUILD MINATURE TOWN

Grammar school children of Grass Valley have created, out of scraps of lumber and other materials a minature city on a lot at the corner of Mill and Neal streets in Grass Valley.

Among the many reproductions of well known buildings are those of Bret Hart Inn, Bank of America Building, Elks Hall, and the Nevada City Nugget office.

The youngsters have carried on their activities with much enthusiasm and zest. They have a minature railroad, a little smaller than the N. C. N. G. R. R., running in and out of their city, and all the varied activities of a real, sure enough community, are represented by various structures. The street plan in general is better than those of many towns, especially that in which the streets follow the ancient trail of burros or cattle.

While the youngsters have, for the most part done their own city engineering, and have had little adult direction, they have gone to A. H. Burton, well known contractor, for their scraps of building materials and occasionally for advice regarding knotty construction problems.

This minature will be given away Tuesday evening to the children of Grass Valley and Nevada City. All children and their friends are invited to attend this ceremony and see the really remarkable handicraft that has been demonstrated in building a municpality.

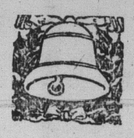
MISS ADEL RICE TO BROADCAST XMAS EVE

Miss Jewell Adel Rice, sister of Mrs. W. C. Buffington of Nevada City, sang over the radio Wednesday night.

She is to sing over the radio again tomorrow, Saturday evening, from the hotel Marysville at a Christmas eve party.

Miss Rice has visited frequently in Nevada City and has many friends here.

Peace and Goodwill



Softly the bells are chiming
Under the vaulted blue,
Peace and the Christmas spirit
Are calling to me and to you;
And here where the fields are smiling
And in winter lands afar,
The eyes of earth's children are lifted
To the light of one shining star.

Beautiful golden legend
Thrilling the world again,
Easing the weight of our burdens
Soothing the throb of pain;
Whispering low, "be patient,
Valiant, and faithful still;"
Breathing the olden message,
"Peace and good will to men."

Linger, oh Christmas spirit,
Dwell in our midst for aye,
Shedding the light of gladness
Over life's shadowed way;
Speak to the troubled nations,
Bid envy and hatred cease,
Till the whole world walks serenely
In the shining paths of peace.

Softly the bells are chiming
Under the vaulted blue,
Peace and the Christmas Spirit
Are calling to me and to you;
May we not keep them with us,
All thru the glad New Year,
With the light of the star to guide us
And the angel's songs to cheer?

Nor. California Peace Officers Comtng Here

Peace officers of Northern California will hold a one-day session in Nevada City January 18. Sheriff G. Carter and District Attorney W. E. Wright will be hosts, to the visiting sheriffs, district attorneys, constables and chiefs of police who will gather here to discuss some of the knotty problems which confront them.

Among other subjects will be discussed are the new liquor laws and an attempt will be made to establish a uniform method of dealing with the various phases of this problem.

Delegates from all counties north of Sacramento will attend this conference which will open with a big luncheon at the National Hotel. The selection of Nevada City as the place for this meeting was largely done as a compliment to Sheriff Carter, whose success in trailing and bringing criminals to justice has won him a high reputation among the state's peace officers.

State Water, Power Act Majority, 30,000

Nevada City Township cast 324 ballotts in favor of State Water and Power Act in Tuesday's election and 264 against it. This was a majority in upholding the measure of just 60 votes.

The state vote shows a majority of approximately 30,000 votes in favor of the measure. The vote stands 437,532 in favor, and 407,436 against it. Much to the surprise of all forecasters, San Francisco rolled up a majority in favor of the water and power act of 38,000 votes. Los Angeles voted heavily against it.

Governor Rolph yesterday declared that the passage of the act means that a new era dawns for California. He said: "We are counting on the National government, headed by an American whose heart and efforts are being exerted in times of stress for the advancement of the entire American people."

The Governor communicated with State Engineer Edward Hyatt and with Judge Matt I. Sullivan, chairman of the State Water Resources Commission, relative to calling the new State Water Project Authority and the commission into conference at Sacramento at an early date to plan steps pushing the State's application for Federal aid in Washington.

Governor Rolph pointed out the State hopes to get a grant of 30 per cent from the Federal government and then sell the remainder of the revenue bonds on the project to meet the $170,000,000 costs to the proper Federal agency.

Hyatt said the application to the Federal government for financial support probably will be referred to the engineering board of review and the Federal Power Commission by the California advisory board of the National Public Works Administration.

Work on the project, said Hyatt, can start as soon as funds are available.

Within three months after work is commenced 10,000 men can be employed on the project, he said. The first work will be on the construction of the Kennett dam project, Shasta county, an $84,000,000 undertaking, and on the Friant, Fresno county project, a $16,000,000 unit; the $2,500,000 Madera canal, Madera and Fresno counties, and the San Joaquin-Kern canal, Fresno, Tulare and Kern counties, a $27,300,000 item.

The announcer paid a number of compliments to Mrs. Conner. Nevada City people who heard the poem and know Mrs. Conner, were deeply stirred.

CHRISTMAS AND OUR SCHOOLS

This is a Merry Christmas. Any town with 500 school children is bound to have a Merry Christmas. It is hard to conceive of much gaiety at this time without children, unsobered by the responsibilities of life, to make it gay. In the day's of Forty Nine, when most residents of this city were men and women were rare, and children even rarer, it was not uncommon for men to travel miles just to see a child again. They were that homesick for children, home and all the things which they had left behind in the rush for gold.

Individually parents almost universally make every sacrifice for the happy rearing, education and general welfare of their children. They will do many things of sacrificial and even heroic quality to give their children the best start possible in life. It is only in later life when the children have grown and have taken wings into the outer world, that we become narrower, our lives more constricted, that we view with increasing concern the advancing years, and close our ears and eyes and our purses to the needs of the oncoming generation of children. "We have done our duty," seems to be the complacent attitude of many, in bringing up and equipping our own sons and daughters in their generation to carry on the torch of our civilization. Now we must conserve. The children of our neighbors, less fortunate perhaps than our own, must do with old buildings that were new when we went to school. We are blind to the inevitable decay, the rapid march of progress which has left these ancient buildings stranded like old sailing ships on the beach, in an age of areoplanes and motor ships.

"Keep down taxes," is the cry. The Depression is cited, even though there has been no real depression in Nevada County for years. One excuse or another, it is all the same. The real reason is, putting it baldly, that we do not wish to spend money to give our neighbors' children the equivalent advantages of education that we had when we were children, or if we happen to be grandparents, the same advantage our children had when they went to school. For the schools were newer then than now. A wooden school building which stood in part at least, since 1868, that has seen three generations of children pass through its portals, should in all fairness be replaced with a new modern building. It is doubtful if there is a single wooden residence still inhabited in Nevada City of that venerable age.

The number of children in Nevada City's grammar and high school has reached a new peak. Many declare that the enrollment is now more than at any time in history. The needs of these children are greater than ever before, and we are far behind in educational equipment and housing.

If tax payers who are opposed to building a new gymnasium for the high school and a new modern school building for the grammar students, would visit in their travels the schools in the valley, in towns of Nevada City's size, they would come home blushing with shame and set to work to mend a shameful condition.

In this Christmas season, in observance of which the chief pleasure of grown-ups is in the joy of the children, cannot we carry the thought of our own children's welfare into the wider field of all children, our neighbor's children, our city's children?

Mrs. Lila Harvey, of Sacramento, is expected to ospend the holidays in Nevada City with her daughter, Mrs. Malcolm Andrews and family

Harry Davey, student at the U. of C. is spending the Christmas holidays in Nevada City with his parents Mr. and Mrs. Harry Davey.

NORMAN CHARLEY OF WASHINGTON PASSES

By MRS. CLYDE COLE

WASHINGTON, Dec. 13—The death of Norman Charley, who passed away today at Mr. Phelph's grocery store, came as a shock to his many friends. He had read the daily papers and spoke of going home when suddenly he fell to the floor. Mr. Charley came to Washington several years ago and every man, woman and child in our little town was his friend. He has a sister in the East.

One of the worst storms of the season has gripped our town, and surrounding country for days. Roads are blocked with snow, telephone lines are out of order and two feet of snow is reported at Fowler's.

After the heavy storm of the past week the roads were opened by a crew of 20 men, from the Eagle Bird mine, Spanish mine and a number of men from Washington. The road wa sopened to the Junction with trucks and men with shovels. A number of people drove to Nevada City after the crew returned to Washington and reported the road open for cars.

Christmas and Bethlehem Figure in Names of Towns

WHATEVER the story may have been behind the selection, Christmas and Bethlehem appear in various states as the names of cities, towns, or mere postoffices.

Arizona, Florida and Kentucky have places named Christmas, and Christmas Cove is the name of a town in Maine.

Bethlehem seems to have had an appeal for townsite planners in Connecticut, Georgia, Indiana, Kentucky, Maryland, New Hampshire, Indiana and Pennsylvania, as there is a place of that name in each of those states.

Indiana, however, is the only state of the Union which has a postoffice named Santaclaus (the Postoffice department makes it one word). It is at Christmas time that Santaclaus attains its widest popularity and fame, for the daily newspapers always work up a good wire story about it.

At Christmas and the few days preceding, the postmaster at Santaclaus receives from all parts of the country letters asking him to mail enclosed letters, which are stamped and addressed, from his postoffice with the Santaclaus postmark upon them. These, running literally into the thousands, are almost invariably addressed to children. Imagine the excitement when little eyes read right there in plain letters, "Santaclaus"! And coming through the mail, too, from away off—maybe up somewhere near the North Pole!

Whatever it may be at other seasons of the year, business at the Santaclaus postoffice booms at Christmas time, especially just when some packages are beginning to come in to be remailed with the Santaclaus postmark.

A Merry Christmas to the postmaster at Santaclaus, Ind.—Charles Frederick Wadsworth.

The Yule-Log With Their Initials, in the Grate

JACK BARTON was helping unload the Yule log when he noticed the carved initials "DL-JB" and the surrounding heart. With a shock it brought back memories of the day, so long ago, when he and Dora had picnicked in the woods, and he had carved those letters there.

The lighting of the Yule log was an impressive part of the little town's Christmas Eve celebration. As the flames caught it up, Jack watched Dora there across the hall. He wondered whether she had noticed the initials. And then he saw her brush her hand across her eyes, and suddenly leave the room.

Everyone else was too engrossed in the festivities to notice, and presently he, too, stole out.

He found Dora in a parked sedan, sobbing. Gently he opened the door and came in beside her. She sat up hurriedly and dried her eyes.

"Did you see it, too?" he asked.

"Yes," Dora answered. "I suppose I'm silly, but it seemed as if all the past was burning there."

"By jove," said Jack, "that is a thought."

"What?"

"All the past did burn there, Dora. There were some jolly times, but there were a lot of misunderstandings, too. Let's carve our initials on another tree, and start all over again."—Helen Gaisford.

CHRISTMAS PLATE

ONE of the very nicest things one can receive at Christmas time is an attractive odd plate, and it will be nicer still if it contains a few homemade cookies. Take a large square of holiday paper in a color harmonizing with the decorations of the plate, gather it together at the top, with the corners all frilled out, and finish off with a spray of mistletoe, gold or silver leaves, or a contrasting bow.

Christmas Breakfast

Within recent years open house at breakfast Christmas morning has been growing more and more popular. It probably all started when friends and relatives dropped in to bring gifts and found the late-rising members of the family still at table. Mother made another pot of coffee, urged the visitors to join the family, and another of the most pleasant social customs was born. Nowadays the perfect hostess prepares for an indeterminate number at the holiday breakfast.

December's Honor

No other festival is so purely altruistic as Christmas. No other so elevates and ennobles the home. The whole of December is delightful, notwithstanding snow and sleet and storm, because December has the honor of numbering Christmas among its marching days.—The Country Home.

Christmas Memories

Christmas customs, Christmas odors, Christmas weather, Christmas decorations, Christmas cheer, all go together to make memories.

THE NUGGET ONLY $2.00 Per year

Wonderful Hours of Christmas

CHARLES FREDERICK WADSWORTH

What a pattering and scampering of eager little feet!
What a look of joyous wonder in the little eyes that stare!
Was there ever Christmas morning more exciting, more complete,
As the little hands explore the piles of presents everywhere?
From the kitchen comes the whirring of the beater in its haste,
And the sklop-sklop of the spoon as Mother stirs another cake,
With the clicking of the oven as the turkey gets a baste,
And a hundred teasing odors dinner preparations make!
How the dining-room is crowded as the folks come trooping in,
Take their seats and bow in silence as Dad says the Christmas grace;
Then the clatter and the chatter and the laughter make a din
That's a tribute from each merry heart and happy, smiling face.
As the darkness settles down again the lights upon the tree
Seem to glow a benediction on the gladness of the day,
Like the star that stood o'er Bethlehem for all the world to see
And to lead the Wise Men to the place where little Jesus lay.
Sandman brings a little wand to wave above each drowsy head;
Time to gather all the trinkets up and put each away-
All except a doll or teddy bear to cuddle up in bed—
Then the nighties and pajamas and the little prayers to say.
Such a jolly trip through dreamland with the streets all paved with pie!
Light and phone poles made of candy with the wires of popcorn strings!
Lakes of ice cream, cakes for houses reaching half way to the sky,
Filled with all the nicest presents that a Christmas ever brings!

William Gracey, chief clerk, and Ranger John McIntosh, of the Big Bend Ranger Station, have returned from attending a meetnig of Ameri-Foresters in San Francisco.

Gerald Hogan, student at the U. of C., is spending the Christmas holidays at home with his mother, Mrs. Thomas Hogan, and other members of the family.

Mr. and Mrs. Charles Leiter and Miss Evelyn Bailey are to spend their holiday vacation in Oakland with his parents. Mr. Leiter is making steady gains in his recent illness, which will be good news to his many friends who have been anxiously waiting for his speedy recovery.

SWIM POOL REALTY DEALS READY TO CLOSE

The city council last evening discussed the proposed airport, CWA projects and the near approach of closing the real estate transactions preparatory to taking over ten acres for a municipal park in which will be built the municipal swimming pool.

Regarding the pool Mayor Bennetts stated that all the properties are ready for closing and transfer to the city except one. CWA men will be employed to clear away the brush in the park area and prepare the location for building the pool. Recent negotiations with property owners have added slightly to the area of the park, so that there will be three entrances opening upon it from three different sides.

CWA forces within the city are being employed to improve some of the streets and in other municipal improvements.

The city council is paying $3300 for the area which will be used as a park. This money goes to six different owners. The parcel of land that the city takes over form A. H. Haddy was generously donated by him.

The Pleasure of Giving and Sharing With Others

WHAT beautiful and happy things are associated with Christmas . . . holly and mistletoe . . . candles shining into the night . . . eager, happy children around the Christmas tree . . . crowds of merry shoppers . . . family reunions . . . and then the greater and bigger things . . . joy in the heart and peace and good will toward all men.

How much of good has blessed the world through the spirit of giving that Christmas awakens in the heart . . . Since the Three Wise Men, led by the light of a gleaming star, brought their gifts of gold, frankincense and myrrh, and laid them at the feet of the Christ Child, men have been bringing unnumbered gifts of love for the sake of the same Child.

Wherever the message of Christmas has been heard . . . kindness, charity, giving, serving, have followed . How much of hope has been reawakened—how much of faith reborn—by the gifts of Christmas . . . Something of magic seems to touch the smallest thing that is done for others at Christmas . . . and how many of these gifts of love there are. . . .

We only can dimly guess at their multitude . . . and at the hours of happiness and joy they have brought to mankind through the ages . . . But there is One who keeps count of them all . . . and One who came down to show us that the greatest happiness and peace comes to us—not through self-indulgence or ease—but from giving and sharing with others.—Katherine Edelman.

HIGH BOYS HAUL GRAVEL FOR NEW TENNIS COURT

BY HARLEY LEETE JR.

In answer to a call by Coach Bev. Barron for volunteers to help haul gravel Sunday morning, twelve boys reported at Schrieber's corner Sunday morning at nine o'clock. They were: Merwin Doolittle, Norman and Earl Chatfield, Marlin and Ernest Young, Dick Stevens, Fabrian nad P. Joyal, Paul Phariss, John Grantram, Dan Robins Harley Leete, Norman Anderson, and Frank and Dick Tuttle.

The use of the trucks was donated by Supervisor Arbogast, Baker, Mr. Graham, and Mr. Gates of Nevada City. Coach Barron and Mr. Kjorlie accompanied the boys and supervised their work.

As the last truck, driven by Bev. Barron, with Norman Chatfield and followed by Mr. Kjorlie with Earl Chatfield, Norman Anderson, and Harley Leete, was driving across the bridge from Shady Creek sand deposits—the bridge broke down and the hungry workers were delayed for another hour. At last they reached home and an overdue dinner about four o'clock.

The gravel is intended as a foundation for new tennis courts at the high school, to occupy part of the grounds, now used by the girls in their athletic exercises. The old tennis court, in due time will be moved, and a football gridiron will be graded in that end of the campus.

You're The Loser

WHEN you allow *Headache, Neuralgia, Muscular, Rheumatic, Sciatic* or *Periodic Pains* to keep you from work or pleasure.

You can't go places and do things when you are suffering—and the work or good times won't wait for you.

Why allow Pain to rob you of Health, Friends, Happiness, Money?

DR. MILES ANTI-PAIN PILLS have been used for the relief of pain for more than forty years. They taste good, act quickly, do not upset the stomach, nor cause constipation, leave no dull, depressed feeling.

Thousands have used them for twenty, thirty, forty years, and still find that nothing else relieves pain so promptly and effectively.

Why don't you try them? Once you know how pleasant they are to take, how quickly and effectively they relieve, you won't want to go back to disagreeable, slow acting medicines.

I have been using Dr. Miles Anti-Pain Pills for thirty years. No matter what kind of pain I have, they stop it almost instantly. Never without them in the house.
Mrs. Chas. W. Webb, Indio, Calif.

You too may find quick relief. Why wait forty minutes for relief when Dr. Miles Anti-Pain Pills will relieve you in ten to twenty minutes?

As a household remedy I have never found anything that equalled Dr. Miles Anti-Pain Pills. Mrs. Silas D. Keller, Penfield, Pa.

I never found anything that was so good to stop pain as Dr Miles Anti-Pain Pills. I have told many about them and I find they are all using them. Mrs. Martha Lacy, Davenport, Iowa

I have been using Dr. Miles Anti-Pain Pills for years. I keep them on hand all the time. I can certainly recommend them for pain. Miss Audra Seybold, 2417 W. 2nd St., Dayton, Ohio

Your Anti-Pain Pills have been a wonderful help to me. I have used them for three years and always keep them on hand. Mrs. E. Pierce, Lapwai, Idaho

I have used quite a lot of Dr. Miles Anti-Pain Pills. They are fine pills to stop pain. Mrs. J. L. Kester, Shickshinny, Pa.

Weather Not Too Bad to Deliver Yule Presents

TOMMY earned twenty-five cents a week bringing the mail a mile up the hilly road to people who lived that far from the post office. He came in all weather, winter and summer. On cold days of sleet and snow, he wore a man's sou'wester and oilskins, also rubber boots. Under the broad brim, his face always smiled; he never seemed tired, and no matter how severe the weather, would always reply, "Oh, not too bad!" when you asked him about it.

Toward Christmas the mail became very heavy. Tommy puffed and struggled up the hills, sometimes staggering in after eight o'clock in the evening.

On Christmas Eve it grew to be half-past eight, then nine, then half-past. No Tommy. People waited for him, peering out of frosty windows. The weather was bitter cold. At last there was the familiar tramping on the kitchen steps. The door burst open—and in fell Tommy completely buried in bundles. They picked him up and saw that he had a bad bruise on one cheek.

"What was the matter?" they asked.

"Oh, I had a lot of bundles and a wooden box," grinned the boy. "When I came to Candy hill it was right slippery. So, I hauled all them packages aboard the wooden box, got onto 'er, and slid to the bottom. I capsized there and kind of hurt myself."

The family gave him hot chocolate and a present. Then in a sort of affectionate amusement, they asked the same old question. "How was the weather, Tommy?"

"Oh, not too bad!" smiled the boy. "You get a dollar this week," said the head of the family, "for being the best sport in the county, and for doing your job without complaints. Here's to a regular feller!"

"How's that?" grinned one of the others.

"Not too bad," smiled Tommy, completely bowled over.—Wilbur Barton.

Christmas Is the Time for Reverent Gratitude

IT SOMETIMES happens that, like a bolt from the blue, one is struck by the Wonder of the Commonplace. Things you have accepted for years; sights you have looked at with blind eyes become, all in a moment, revealed to you in a new light.

The sun comes up in the east every morning and goes down in the west. For how many thousand years we do not know. Let the scientists calculate as they will. It is the giver and preserver of life. It drags from dried, unlovely seeds, the miracle of living green, the color of flowers, the fragrance of lilies. It passes over the earth touching Athens . . . Africa's hidden jungles . . . it warms for a space the bleak shores of Labrador, it kindles the peaks of the Rockies, and stares down into the awful craters of volcanoes. Behind the gray of winter, the snows of December, it travels its unvarying course.

Yet this indescribable wonder we can see plainly with our eyes. We know its very shape as it goes down in the west . . . it is a ball of fire, a balloon of light, a golden platter. Considering the power and glory of its passage . . is it not a mircle that we, with infinite vision, may look at it?

Other matters may be hid, but the sun we see, and feel, and live by . . . millions and millions of people from Rangoon to New York, from Capetown to Spitzbergen, depend on it with careless assurance, to keep its course, and to save the world from darkness and death.

Is it not a gift worth your humble and reverent gratitude at this season? —Martha Banning Thomas.

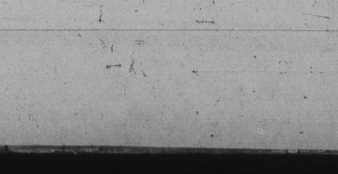
SURE POP



"I have managed to convince my wife that she doesn't know how to pick out Christmas cigars."

"How did you do it?"

"By smoking 'em in the house."

Let's Believe in Santa Claus

To insure that Christmas shall be merry and full of good cheer, may we never cease to believe in Santa Claus! —Woman's Home Companian.

The Christmas Pup Sent by Dad to the Kiddies

"ISN'T HE sweet."

"Isn't he darling . . . look, mother . . . see the white under his chin! What shall we call him?"

Mrs. Wallace reached down and gathered into her lap a somewhat forlorn, big-eyed puppy. He wore a smashing red bow around his neck, and he still bore the tag, "Merry Christmas to the Kids From Dad" dangling from the ribbon. But he cringed a little and trembled, and tried to hide under the kind elbow of Mrs. Wallace.

"See here, children," she began, trying to soothe the little fellow, "I want to tell you something. How would you like it if I wrapped Susie up in white paper, put a tag around her neck, and sent her off as a present to some one? Wouldn't you hope the people who got her would be kind to her? Would let her sleep? Would give her the proper food? Susie is nothing but a baby; so is this puppy. He's frightened; he misses his mother. And while I know you love him, I want you all to be sure not to tease him; to let him sleep, and to treat him exactly as you would want people to treat little Susie. Love him all you want, but think of his side of the matter."

They all looked a trifle soberly at Susie, who didn't know in the least what to make of it. So she patted the puppy with a fat hand and said, "Let's call him just Pup . . . and love him whole lots!"

"We'll be very careful of Pup, mother, won't we?" chorused the others. "Isn't he darling? Isn't he sweet!"

"I'm going to put him in his basket now," said Mrs. Wallace, "and I don't want one of you to waken him until he crawls out himself. Then he'll be ready to romp."

Little Susie kissed him softly on his nose.—Beatrice Nordlow.

Christmas Roses Aplenty on Charmayne's Costume

CHARMAYNE ELBERINK, the most popular girl in town, had just received an invitation to the annual Christmas ball and her parents, opposed to dancing, had refused to allow her to accept.

Several weeks elapsed and Christmas Eve, the night of the ball, arrived. Charmayne had just turned on the switch which illuminated the beautiful Christmas tree in the living room when a huge purple box was delivered.

Filled with excitement and expectation, she untied the gorgeous satin bow and out bulged a mass of rich red roses, their perfume almost snatching her breath away. A card was attached. She was afraid to look at it! What if it were not for her? She did look, however, and read these words: "Roses Bring Dreams of You."

Overcome with inspiration, she fancied she was to attend the ball. Bearing the roses, she rushed to her room above. "What could she wear?" Her mother's white satin wedding gown, came the reply.

The next moment she had it on and was trimming it with red roses. Roses everywhere! On her dress, in her hair, and even upon her slippers.

Father and mother almost collapsed when they saw her. Had Charmayne suddenly gone mad? Where had the roses come from in the middle of winter?

Before they could recover sufficiently to make any inquiries, the doorbell rang and the next moment their daughter was crushed—roses and all—in the arms of the smiling Chester Graham, who shouted, "Merry Christmas! We're off for the ball."—Alice B. Palmer.
